Program / Call for proposals	Exchange with a school from a European country: Denmark, Finland, Netherland, Ireland, Germany, Malta, Italy, Portugal...
Project Title	Creating a sport partnership and exploring new ways of teaching.
Partner interested to join a consortium	- Cité scolaire Sarsan in Lourdes: we have created a European section: sport in English and we would like to find European partners to create an exchange. We use sport as a way to develop and improve English communicative skills but also to encourage integration. - the English teachers also work on new methods of differentiation in education - We would also like to participate in a MUN (model of United Nations) - we also have the eco label and try to do our best to make our pupils act for the planet
Description of the partner	- middle school and highschool
Partners soughts	- an exchange of pupils speaking English(16 pupils in our European section) - exchanging on new ways of teaching English and differentiating: organizing shadowing and creating an exchange between two schools - taking part in a MUN - studying and comparing the impact of climate change in different countries
Outline of the project	In 2024 or 2025: creating exchanges, shadowing and journeys for both countries
Activities	Sport in English, cultural discoveries, museum visits, attending classes in both schools, hiking in the Pyrénées and exploring our biotope. Our school also specializes in laboratory science(biotechnology), English literature and rescue(we are offering the possibility of sitting the swimming lifeguard exam)
Budget	About 10000 euros?

Deadline	April 2024
